Tionale Enterprises Pte Limited
Food Products Division

Tiona

Rosa

Incorporated in 1982 at Singapore, Tionale Enterprises Pte Limited is a multi location global organization with investments in manufacturing, trading & distribution. Our operations span markets in Asia, Africa, Europe & America where we have established ourselves as a reliable & preferred supplier to quality conscious customers in over 80 countries.

Tionale's first foray into manufacturing led to the establishment of a state-of-the-art manufacturing facility in Malaysia under the Food Products Division. The company's registered brands - "ROSA" & "TIONA" are produced in the factory with its PLC controlled volumetric fillers, blow moulding & injection moulding machines. All products undergo stringent quality controls to meet international standards.

The range of product under the Food Products Division includes:

- ☞ Vegetable cooking oil & Fats
- ☞ Milk products
- ☞ Tomato paste
- ☞ Mango pulp, Pineapple slices and Canned food

The Company also has a marketing agreement to exclusively distribute "Tiger Beer" and "ABC Extra Stout" in specific markets in Africa.

Vegetable Cooking Oil

Our fully-integrated manufacturing facility located strategically near the Malaysian port, engages in all aspects of the supply chain from manufacturing, R & D, shipment logistics and marketing. This total commitment enables us to work closely with our customers, customizing the products to meet their stringent requirements.
